Copy of the Executive Engineer's letter No. 5027 dated 18-7-24 to the Collector of Bellary.

With reference to P.O.No. 407-W/16-4-23 I request you will kindly arrange for the installation of a Telephone connection in my office as great inconvenience is felt to send peons to the various local offices in disposing of urgent references.

In this connection I have to bring to your notice that there was an installation for the combined P. W. D. office ever since its introduction in Bellary but after the abolition of the Superintending Engineer III Circle from 1-4-1923 instead of transfering it to my office as the same was intended for combined office, it was removed without any intimation to me.
